

## Brandon Mather West Regional Director

Brandon Mather is the regional director for the West Region for Dunham & Associates Investment Counsel, Inc. He is responsible for helping financial advisors in the west raise assets using Dunham's institutionally-managed mutual funds, our Asset Allocation Program and through our affiliate Dunham Trust Company's Nevada-based trust services.

Brandon enhances Dunham's strategic relationships through financial advisor education, client service and sales support. He accomplishes this by drawing upon his own experience and by working closely with his internal regional marketing associate as well as Dunham's regional directors in the Northeast and Southeast.

Prior to joining the firm in 2014, Brandon was a service center associate with Commonwealth Financial Network, where he was responsible for providing Commonwealth advisors with sales solutions. Because of his work ethic and diligence, he was chosen to spearhead the firm's Registered Investment Advisor (RIA) team in assisting non-affiliated advisors. Before that, he was a premier partners program representative with MFS Investment Management, where he was responsible for transaction processing and fund monitoring.

Brandon was born and raised on the East Coast and enjoys the outdoors, staying fit, traveling and enjoying different San Diego cuisine. He is also an avid surfer and can regularly be found at one of Southern California's many challenging surf spots.

Brandon received his bachelor's degree in Business from Indiana University, Kelly School of Business. He holds FINRA Series 7, 63 and 65 registrations.

## About Dunham & Associates

In 1985, Jeffrey Dunham founded Dunham with the uncommon idea that fees paid by clients should be tied, in some way, to the performance of the investments they own. Today, Dunham and Dunham Trust have grown to become a multi-billion dollar firm, but we are still driven by the values of fairness and accountability that Jeffrey envisioned more than three decades ago.
