

William J. Brims Director of Information Technology

William J. (Bill) Brims is Director of Information Technology for Dunham & Associates Investment Counsel, Inc. where he provides the leadership and oversight of the continued development of an innovative, robust and secure information technology environment for the firm as well as the financial advisors and business partners associated with Dunham. He is also responsible for the evolution, upkeep, and performance of all customer and internal technological systems.

Bill has over 25 years of information technology experience and has consulted for the Department of Interior, the Department of Defense, and the San Diego County Water Authority. Before joining Dunham, Bill built and managed the technology infrastructure for an industry leader of point-of-use dispensing technologies in the manufacturing sector.

Bill carries an M.S. in Computer Information Systems from the University of Phoenix as well as a B.A. in Economics with a minor in Chemistry from the University of California at San Diego. Additionally, Bill holds several IT professional certifications.

He resides in La Mesa, California with his wife, Joleen, and their four children, where they own a small business called The Bouncing Bead. Bill is active in his community as an Eagle Scout who contributes to the Boy Scouts in a number of ways, including acting as Chair of the San Diego Imperial Council's Science, Technology, Engineering and Math (STEM) Committee, where he is responsible for advocating STEM programs through education and by building community partnerships. In addition to the Boy Scouts, he and his wife are involved with Club and High School volleyball.

About Dunham & Associates

In 1985, Jeffrey Dunham founded Dunham with the uncommon idea that fees paid by clients should be tied, in some way, to the performance of the investments they own. Today, Dunham and Dunham Trust have grown to become a multi-billion dollar firm, but we are still driven by the values of fairness and accountability that Jeffrey envisioned more than three decades ago.
